

## NEW HUN GOVERNMENT FALLS, REPORT

## PEACE TREATY WILL BE SIGNED THURSDAY

### ALLIES WORK ON TREATY TO BE SIGNED BY VIENNA ENVOYS

Patriotic Demonstrations In Germany Following Weimar Decision.

### SING OLD WAR SONGS

Officers Association Requests Holland Not to Surrender Ex-Kaiser.

Paris, June 24.—The Big Three met this morning to perfect the Austrian treaty while awaiting word of the appointment of a new German peace delegation.

By R. V. JORGENSEN.  
Copenhagen, June 24.—The news that Germany had accepted the peace treaty caused patriotic demonstrations throughout Germany.

In Berlin, Munich and other large cities great processions formed, made up of all classes, and marched through the streets, singing the old war songs and cheering German war generals. The conservative German press, in excited articles, expresses the hope that Germany's day of revenge may yet come.

The German Officers' association, claiming to represent a million Germans, has sent a note to the Dutch government, requesting that Holland refuse to deliver the former Kaiser to the allies for trial.

By ALFRED G. ANDERSON.  
Weimar, June 23.—(Delayed)—Germany's decision to sign the peace treaty unconditionally was taken with a full realization by the new government that serious internal troubles may result.

It is believed that German military leaders will carry out their threat to resign from the army, carrying with them large numbers of officers. The prospect of an army without competent leaders, leaving the way open for Bolshevism, made a profound impression upon the new cabinet.

The government was forced to choose what it considered the lesser of two evils with which it was confronted. Had it insisted upon signing the treaty only after making reservations, the Independent Socialists would have appealed to the laborers to declare a general strike.

This German government takes the position that it is in no wise responsible for the scuttling of the interned German fleet in Scapa Flow.

### AMENDMENT RATIFIED

Harrisburg, Pa., June 24.—The Pennsylvania house of representatives this afternoon ratified the federal suffrage amendment by a vote of 153 to 44. It was approved by the senate last week.

### TWO AVIATORS DIE IN FLAMES

Burned to Death When Their Plane Falls to The Ground.

Rye, N. Y., June 24.—Lieut. Shelly Watson, stationed at Mineola Field, L. I., and his civilian mechanic, M. Ireland, were burned to death here today when their aeroplane crashed to the ground and burst into flames.

Watson was flying low over a cottage on the beach here in which his fiancée lived. His motor failed, causing the machine to fall. His fiancée witnessed the accident.

Watson had recently returned from 18 months overseas. The bodies were charred beyond recognition but army officers from Mineola field identified the plane and occupants.

As the machine struck the ground the gasoline tank exploded and it was impossible for the few spectators to do anything to extricate the men. An adjacent cottage caught fire from the flying gasoline but was extinguished by the fire department.

Lieut. Watson's home was in Rogers, Tex. Ireland was from Westburg, L. I.

SHE ACCUSES "CAVE MAN" OF ABDUCTING HER AT MIDNIGHT IN JUST HER NIGHTIE

Mrs. Helen C. Waterman.

People of Brooklyn, New York, are following with interest the case of Mrs. Helen C. Waterman of that city who accused John E. Carey of 17 Livingston place, Manhattan, of having broken into her home at midnight and carrying her off in a taxicab. And that was not the worst of it. She claims that she was not given time to change from her sleeping garments to suitable attire for an evening taxi ride. Carey is a manufacturer of surgical instruments. He will be tried on an abduction charge.

## RED CROSS NURSE BACK FROM FRANCE

### CENTENARY FEATURE

Columbus, June 24.—A feature of the Methodist Centenary tomorrow will be the visit of the army dirigible A-4, which is scheduled to arrive in Columbus at 9 o'clock from Akron, carrying four army officers. If favorable reply is received from Washington today, requesting that a Methodist bishop be allowed to ascend in the big gas bag, one of the bishops will preach a short sermon from the air, using a megaphone.

### LINEMEN STRIKE

Youngstown, June 24.—One hundred and fifty linemen, cable splicers, trouble men, installers and foremen employed by the Bell and Ohio State Telephone companies went on strike at 7 a. m. today to enforce their demands for higher wages. The men declined an increase offered by the companies ranging from 25 to 50 cents per day.

Miss Rose Sullivan, an organizer for the telephone operators' union, is expected here Thursday to discuss the local situation, relatives to a strike of the telephone operators.

Chemist Vouches For Purity Of Supply and Says Filtration Plant is Model One.

The exceptional purity of the East Liverpool city water as it flows from the municipal filtration plant, and the efficiency of the plant itself are vouches for in a letter from Gustave Fernekes, Ph. D., chemist, in a letter received yesterday by E. J. Smith, director of public service in East Liverpool. The letter follows:

"Dear sir:  
"I should like hereby to confirm our recent conversation on the quality of the East Liverpool water supply whose excellency is directly traceable to the exceptionally perfect operation of the filtration plant.  
"I consider the plant of this city

### Miss Hazel Bryan Returns Home After 16 Months' Service in Hospitals Behind Western Front.

Miss Hazel Bryan, sister of H. S. Bryan, manager for the Western Union Telegraph company in East Liverpool, returned home Monday evening after 16 months' service as Red Cross nurse in France. Miss Bryan is a graduate of the nurses' training school of the East Liverpool City hospital, and she is one of the first back home of the half score or more Columbiana county nurses who served with the Red Cross overseas.

Miss Bryan arrived in New York City nearly two months ago with a contingent of 74 nurses recruited for the most part in Youngstown, Ohio. She was ill when she reached New York. For two weeks she was a patient in a New York army hospital, then was sent to the army hospital at Fort Sheridan, Chicago, where she was under treatment for six weeks.

Miss Nell Notestine, former municipal nurse in East Liverpool, was detailed with 10 Youngstown nurses to (Continued on page 8.)

### ESTIMATE COST IN LIVES, CASH AND SHIPS OF BIG CONFLICT

Senator McCumber Shows Appalling Price Exacted By War.

7,582,300 MEN KILLED

Nearly \$195,000,000,000 Spent; 620 Warships Lost.

### PRICE HUMANITY PAID FOR WORLD WAR

Human lives sacrificed in battle, 7,582,300.  
Cash, between \$180,000,000,000 and \$195,000,000,000.  
Warships, 620 with a total tonnage of 1,882,125.  
Merchant ships, a total dead-weight tonnage of 23,005,333.  
Property damage, due to battle, devastation and troop movements, \$22,000,000,000.

By J. BART CAMPBELL.

Washington, June 24.—Staggering estimates compiled by the war department to show the appalling price exacted for the world war from the principal nations involved were submitted to the senate today by Senator McCumber, Republican, North Carolina, an out-and-out champion of the league of nations, as an argument for the speedy ratification of the peace treaty by the legislative treaty making body of the United States.

Unless world-wide peace is established on a permanent basis, McCumber declared, the American people may expect to shoulder indefinitely an oppressive burden of war preparation involving increased taxation made necessary by huge army and navy appropriations.

McCumber presented war department figures to show the following losses sustained from soldiers killed in battle or by wounds:

Russia, 1,700,000; Germany, 1,600,000; France, 1,385,300; Great Britain, 900,000; Austria, 800,000; Italy, 462,000; Turkey, 250,000; Serbia and Montenegro, 125,000; Belgium, 102,000; Roumania, 100,000; Bulgaria, 100,000; United States, 49,000; Greece, 7,000; Portugal, 2,000; grand total, 7,582,300.

Of the total monetary cost of the war, fixed by the war department as between \$180,000,000,000 and \$195,000,000,000, Germany spent between \$37,000,000,000 and \$39,000,000,000 and Austria between \$20,000,000,000 and \$23,000,000,000, McCumber said.

France suffered more than any one (Continued on page 8.)

### JOHN TRAINER, AGED 41, DEAD

Succumbs Following Short Illness of Complication Of Diseases.

John Lester Trainer, aged 41 years, died at 1:22 o'clock Tuesday afternoon at the home of his mother, Mrs. Martha Trainer, 812 St. John street, following a brief illness. Death was due to a complication of diseases.

Deceased was well known in the city, having been in business here for the last eight years. He was also starred in city baseball circles many years ago when the old Eclipse and Shamrock clubs were in existence. He was a member of the Eclipse club and also played with other independent organizations of the city. He was a member of the Moose lodge.

He is survived by one son, Lester, who recently returned from army service in France.

## PRESIDENT WILSON PREPARES TO SAIL FOR HOME ON FRIDAY; TO LAY PACT BEFORE CONGRESS

Note is Sent to Weimar Inquiring About Personnel of New German Peace Delegation to Versailles—Armistice Continues in Effect Until Treaty is Signed.

### BULLETIN

Paris, June 24.—The newspaper La Liberte is authority for the statement that Hermann Mueller, new German foreign minister, will head a new German peace delegation which will arrive in Paris tomorrow to sign the peace treaty.

By JOHN EDWIN NEVIN.

Paris, June 24.—An unconfirmed rumor is in circulation in American official circles here that the new German government, headed by Gustave Adolf Bauer, has fallen.

Paris, June 24.—It is now expected that the treaty of peace will be signed Thursday afternoon, President Wilson sailing for home on the following day. The president is extremely pleased at the outcome of the negotiations and declared today:

"This peace is the greatest boon for humanity."  
President Wilson is deeply disappointed because the treaty cannot be signed this evening. The failure of the German government to send a new peace delegation here at once and the French insistence upon complete formalities for the ceremony at Versailles have put this out of the question.

A note has been sent to Weimar inquiring about the personnel of the new German peace delegation to Versailles, but thus far the allies have received no answer.

### Wilson Ready To Tour Country

It is officially stated that the armistice continues in effect until the treaty is signed.

The president plans to lay down the treaty before congress immediately upon his arrival and demand speedy ratification. He believes that the opposition to the treaty in the senate is losing ground, but he is ready to tour the country on behalf of the league of nations covenant, should the Republicans block ratification.

Secretary Haniel von Hamhausen of the German delegation at Versailles notified Colonel Henry, allied liaison officer with the German mission, that he expects to be notified of the personnel of the German delegation at any moment, but that he does not expect to be a member of the new body.

Paris, June 24.—Final preparations for the signing of the treaty of peace with Germany at Versailles were delayed today pending the arrival of a message from Weimar notifying the allies of the composition of the new German peace delegation and the date of its arrival.

### Paris Celebrates Peace

This message was expected to arrive before the late afternoon. The "Big Five" will meet immediately upon its receipt and fix the day of the signing which is now expected to be Thursday or Friday.

It is reported that Dr. Haniel von Hamhausen, secretary of the former peace delegation, who has carried on negotiations with the allies since the departure of the heads of the German delegation, has informed the German government that he will not sign the peace treaty, even though he is made head of the German delegation with full power to act.

Paris gave herself over to a night of merry-making after word of the acceptance of the peace treaty by the Germans was sent over the city by the same great siren voice that formerly announced the coming of the German raiders. The scenes of the armistice celebrations were repeated. Hilarious crowds marched through the streets cheering and singing songs. Champagne was flowing in all the restaurants, and the Place de la Opera and the Place de la Concorde, in front of the mission, were crowded until an early hour this morning.

## DE VALERA USED PLANE TO FLEE

Flew Out to Sea From England And Met by Appointment Steamer, Evading Officials.

New York, June 24.—The secret of Edward De Valera's spectacular escape from England and making his way into the United States without the aid of passport or credentials, was revealed here today.

The president of the Irish republic left England in a hydro-aeroplane, flew out to sea and there met by appointment a steamer. He transferred to this ship and came to America. Further details of his daring exploit were refused by his advisors today because of their fear that their revelation might injure friends in England and America.

According to De Valera's advisors he made his escape under the eyes of

a number of British army and naval officers.

"They apparently did not recognize him," said one. "For as the hydro-aeroplane left the water they cheered and waved. The aviator flew straight out to sea, made a successful landing and President De Valera was taken aboard in a small boat. The port at which he landed must remain a secret."

In his "presidential" suite at the Waldorf today, De Valera told of the aims and hopes of the Irish republic. "First, I want to deny that lie so widely circulated in this country that the Irish republic connived with or accepted gold from the German government during the war," he said. "It is British propaganda, calculated to discredit our cause in the allied countries."

De Valera stated that his prime purpose in coming to America was to win from the American people recognition of the Irish republic. (Continued on page 8.)

## TIRE BUILDERS STRIKE; SEEK WAGE INCREASE

McLean Company Workers Demand Discharge Of Foreman.

### ASK FREE ICE WATER

Superintendent Says Places Of Strikers Will Be Filled Wednesday.

A demand for a raise of from eight to 13 cents for the building and finishing of a four-inch machine made tire, heretofore made by hand, a smaller increase of pay for building and finishing other tires, the discharge of a foreman and free ice water are some of the most important demands of strikers at the McLean Tire and Rubber plant in the East End, East Liverpool. The strike leaders say 60 men in all are out, 39 having quit last night and 30 this forenoon. H. A. Middleton, superintendent of the plant says that not more than half this number are out. Tuesday he made a statement as follows, regarding the strikers:

"If they don't report to work Wednesday morning I will fill their places with other men. After the strikers go back to work and try the 42 cent rate on the four-inch tire for a few days I will talk the question of wage scale adjustment over with them and make whatever changes that seem to be fair and equitable."

"The men had never approached me on the scale prior to the strike, but they simply walked out without saying a word. I am sure 50 per cent of those who are out now are willing to return and accept the 42c fixer by the company. A number were stopped by strike pickets in Mulberry street and persuaded to stay away Tuesday."

Here is a statement the strike leaders gave out today:  
"We, the undersigned tire-builders and finishers of McLean Tire and Rubber company, hereby present a petition of prices thought reasonable and just under present living conditions, also for the betterment of working conditions."

## PROF. WISE TO MAKE ADDRESS

University of Michigan Man To Speak at C. of C. Luncheon.

The last regular weekly luncheon of the Chamber of Commerce will be held Wednesday noon in the Y. M. C. A. dining room with Attorney W. H. Vodrey as chairman. The principal speaker will be Prof. K. M. Wise of the University of Michigan at Ann Arbor, who will talk on "The Evolution of the Automobile." There will be a special musical program including vocal solos by Miss Eva Wasbutzky, assistant to Secretary W. L. Lewis of the chamber, and her sister, Miss Ethel Wasbutzky. The Bennett twins will render a violin and piano number.

This luncheon, which will be the last before the beginning of the summer vacation season, will be open to the general public and any person desiring to attend is invited to communicate with Secretary Lewis at the Chamber of Commerce rooms in the Little Building. The luncheons which have been conducted during the winter under the direction of Mr. Lewis have been successful.

# COUNTY NEWS

## CHARGED WITH TAKING BRASS

Lisbon, June 24.—After weeks of work on the part of city and county officials two Youngstown foreigners were arrested yesterday afternoon in Youngstown by Deputy Sheriff Crawford and Marshall Roy Lewton, charged with receiving stolen brass. They were placed in the city jail and will be given a hearing today.

Some time ago a large quantity of brass was stolen from the Fred C. Davis company's works. Suspicion pointed toward local talent, but no evidence could be stacked up upon which to make an arrest. Several clues led the officers to go to Youngstown, where they discovered a part of the brass. The two men were arrested and brought to Lisbon.

### Hat Is Clue.

Akron, June 24.—After a holdup, Akron policemen found a new straw hat near the scene of the stick-up. The victim said it did not belong to him. The hat bore the mark of a local clothing store and the police took it there.

"This hat was bought by a man who gave a worthless check in payment," said the clerk.

William R. O'Neill, Cleveland, was arrested at the Portage hotel for passing a worthless check and the police believe they may have a clue.

### Claims Wife Is Big Eater.

Mansfield, June 24.—Amos Norris, well-to-do Richland county farmer, in filing an answer to his wife's petition for alimony, takes occasion to tell

### Christian Endeavor Meet.

Cleveland, June 24.—An official wel-

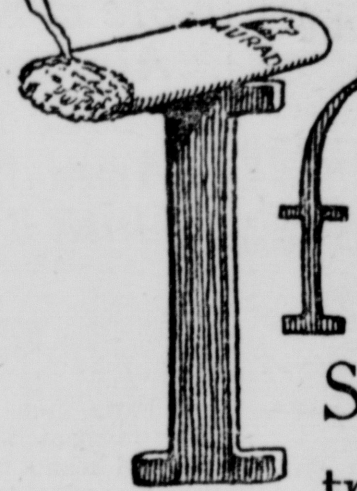

come from Mayor Harry L. Davis and an exhibition of Christian Endeavor "pep" and enthusiasm in the form of songs and yells conducted by Homer Roedheaver were the most spectacular features of today's program of the annual Christian Endeavor convention. Registration of delegates was in progress all day with prospects that the attendance by night will be

the largest ever recorded in Endeavor convention history.

### Hungarians Mobilize.

Vienna, June 24.—The Hungarian soviet government has ordered a general mobilization and is continuing operations against the Slovaks establishing a red army. The Czechs have been defeated on both sides of the Hernad river, losing prisoners, machine guns and supplies.

# CIGARETTE SMOKERS of America: Crack this nut in your own teeth

If there were any other tobacco in the world as mild or as good for cigarettes as Turkish tobacco—do you think that S. Anargyros would maintain a small army of trained experts in the Orient, 4000 miles from home—to select, buy, grade and pack Turkish tobacco—then pay ocean freight, plus 35c a pound import duty?

Of course not—nor would our competitors use a single leaf of Turkish tobacco if in any other tobacco grown they could find a substitute for the "dash" of Turkish which they put into their "bundle" cigarettes to make them smokable—and without which they would be lost.

Our competitors know all this. They harp on "part Turkish" and "blend of Turkish" and "paper packages" in place of a box. In fact they make many skillful apologies, which they hope will in part take the place of 100% Pure Turkish Tobacco.

Now here is the nut—and we will crack it for you.

Murads are 100% Pure Turkish Tobacco, the World's most famous Tobacco for cigarettes. They are the proverbial "whole loaf"—not half loaf or part of a loaf.

They are, for protection, packed in cardboard boxes. A hen lays her eggs in a shell for protection. If you prefer them without the shell, you get scant protection and much scrambling.

You ask the question, "Are Murads so much better than the other kind of cigarettes?" The answer is: **More than twice as good**—and we have here told you why.

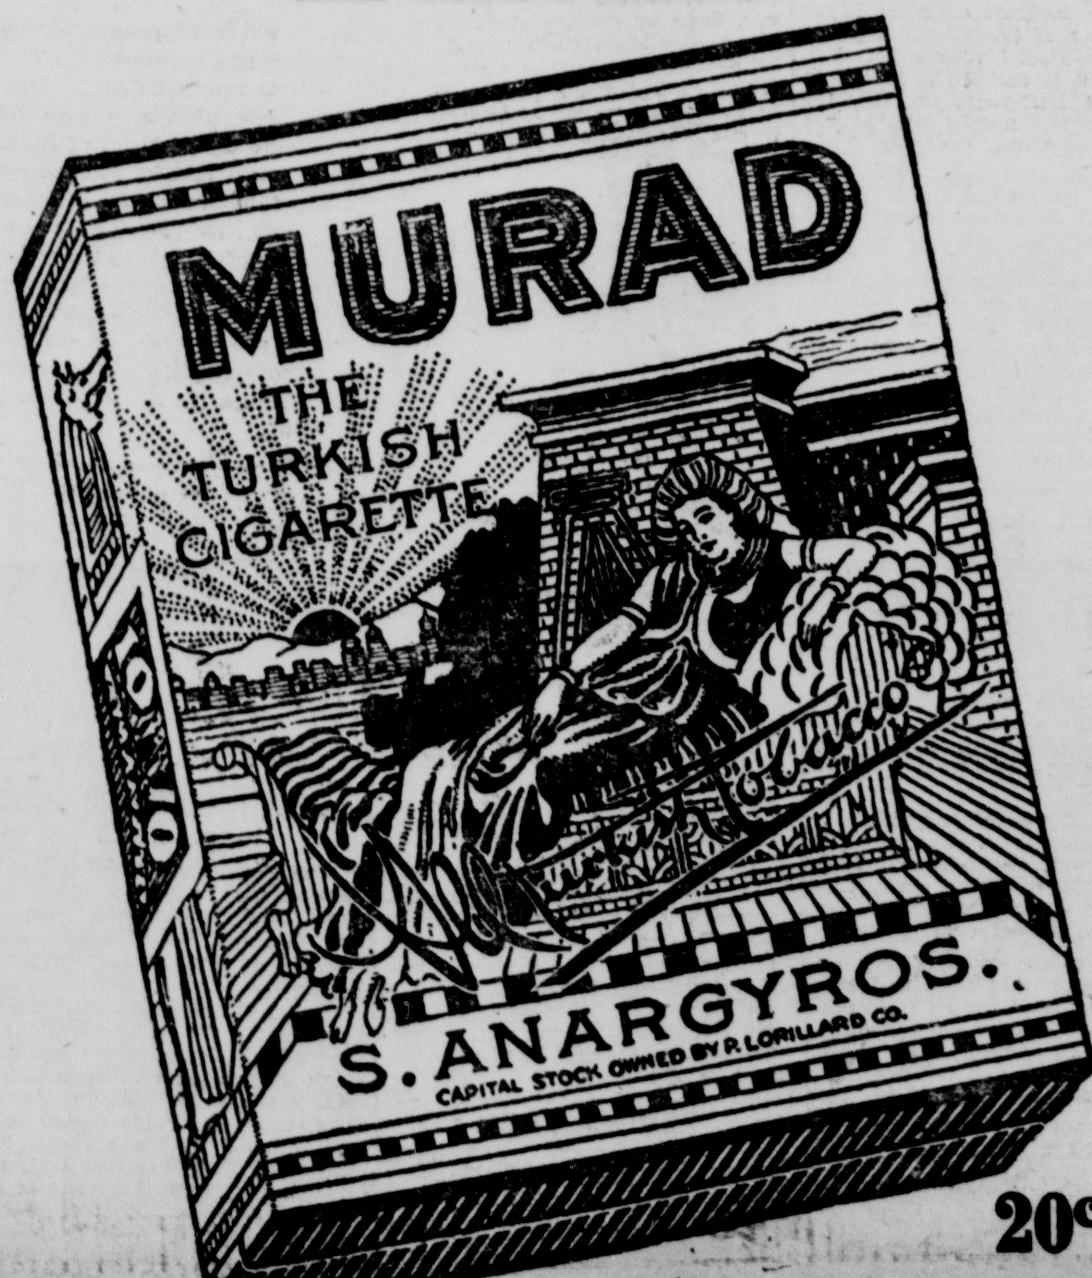

Are Murad 100% pure Turkish "whole loaf" cigarettes more expensive? YES. All 100% good things cost more and are worth more than half good or imitation good.

Cigarette smokers of America: People of your class and enlightenment know these things and appreciate them. We are proud to say to you that ordinary cigarettes cost a **trifle** less than Murads. Think it over. The reasons are before you. **Judge for yourself!** In the long run the public makes no mistakes.

Remember, every package of Murad is sold under a guarantee.

## APPEAL TO COX CITY DEMANDS TO BAN BOUT ON FARE ISSUE

Calling upon Governor Cox to "exercise his prerogative" and forbid the Willard-Dempsey championship boxing match at Toledo on July 4, the members of the Sunday school of the Wellsville First Christian church Monday sent a resolution to the governor at Columbus. The resolution states that the members of the Sunday school believe that the boxing match violates the statutes of Ohio inasmuch as the "said boxing match is really a prize fight." The resolution follows:

"Whereas, It is publicly announced that there is to be a boxing match in the city of Toledo on July 4th and being fully convinced from the announcements and records of the participants that said boxing match is really a prize fight, and

"Whereas, The statutes of Ohio prohibit prize fighting and believing that such exhibition will be a violation of said statute, a desecration of our national holiday and injurious to the public morals of our national life and the welfare of the state.

"Therefore, We, the officers, teachers and members of the First Christian Sunday school of Wellsville, O., numbering 350 members, do respectfully and earnestly request that you exercise your prerogative as the executive of the great commonwealth and forbid the contemplated prize fight. And we pledge ourselves not to support politically any man who willfully neglects to execute the law when it is his duty and prerogative to do so."

## IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at Once When Backache or Bladder Bothers Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys. The moment you feel a dull ache in the kidney or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure. makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

## AUTO, HORSE, CASH STOLEN

Two Canadian soldiers believed to have just been discharged from the service, are suspected of having stolen from the residence of William Travis of near West Point a five passenger Overland automobile, a horse belonging to Joseph Shipman of the same district, and \$20 in cash from the home of Samuel Smith, also of West Point, Monday night, Wellsville police say.

The two soldiers said they had come from some point in Pennsylvania and were on their way to their homes in Canada. They arrived at the home of Samuel Smith Friday night, it is said, and asked to be allowed to take a several days' rest there before they continued their journey. Their request was granted. Monday night Joseph Shipman was also at the Smith residence with his horse and buggy.

Early Tuesday morning when other occupants of the house arose, the two soldiers were missing. Shipman's horse, the money belonging to Mr. Smith and William Travis' automobile were also missing. The two soldiers, it is believed, headed north, although police authorities in this section of the county have been notified as well as those at Lisbon, Salem and other points in that vicinity.

## URGE 7-CENT TROLLEY FARE

The reading of a report from Trades and Labor Council suggesting an amendment to the triple traction situation investigation committee's report so that a seven-cent cash or 17 tickets for \$1, be the fare between East Liverpool and Wellsville; failure of council to act on the traction fare schedule; failure to vote wage increases to city firemen and city street employees, and failure to start work on the city budget were among the most important developments of the meeting of city council last night. A special meeting has been called for Thursday, July 10.

Council referred the traction recommendation of Trades and Labor Council to the triple labor-commercial-municipal traction situation investigation committee.

An ordinance was passed under suspension of rules, authorizing the paving of Market street from the south side of Fourth street to the south side of Fifth street. It was announced that Service Director E. J. Smith and City Engineer John George will open bids and award contracts Saturday for the improvement of Broadway from Fourth to Sixth street and the opening of Brady alley.

Service Director Smith recommended wage increases for employees in his department as follows:

Street labor, \$3.25 per day, now \$3; repaving labor, \$3.75, now \$3.50; firemen, \$3.75, now \$3.50; boiler teamsters, \$3.75, now \$3.50; boiler firemen, \$3.75, now \$3.50; others (water works), \$3.25, now \$3; filtration employees, \$3.25, now \$3; garbage plant, helper, \$3, now \$2.75; Nauman's helpers, \$3.25, now \$3; water works clerk, \$1.50 per year, now \$1.40; superintendent water lines, \$1.50, now \$1.40; superintendent of streets, \$1.40, now \$1.30; civil engineer, \$1.30, now \$1.20; water works assistant clerk, \$1.75 per day, now \$1.50; city hall and water office janitor, \$100 per month, now \$95.

## Are Better Than Ever This Year

The illustration we use in our ad today shows the new Vudor patented Ventilating Sleeping or Day Porch Shade. A strip across the top shows the scientific construction. You will observe the new and practical means of ventilating without draft. The picture tells the story. We have never had a complaint and in our judgment we consider this newest feature the biggest improvement made in the history of the industry. Vudor Shades are woven so you can see out but not in. Their use adds another room to your home at small cost. Though you may live close to the street you have absolute privacy. We invite you to call for demonstration. You will find other exclusive features such as Cord Glides—not unsightly ill-operating pulleys—Reinforced Edges, and Safety Wind Device. They can't flap in the wind. We have a size for every kind of Porch including Bungalows and a choice of many pleasing colors and color harmonies. Bring in your measurements.

## SCHEIDEMANN TO FLEE

Weimar, June 24.—The rumor has leaked out in cabinet circles that Philipp Scheidemann, who resigned as head of the German government last Friday because he opposed acceptance of the treaty, is preparing to flee to Switzerland, fearing that he is among those German leaders whom the allies plan to bring to trial for responsibility for the war.

### American Newspaper History

Benjamin Franklin contributed much to the development of journalism in colonial days. An editor at the age of sixteen, and a prolific writer, he was identified at some time or another in his life with many of the newspapers which flourished during this period. The oldest newspaper in the United States, which has been continued without interruption of issue or change of name, is the New Hampshire Gazette. It was first published in Portsmouth, N. H., in 1756.

### 32 YEARS' SERVICE.

Mrs. A. Waldman, 460 Glenn Ave., Fresno, California, writes Fole & Co.: "When I was young I had a fever and it left me with a cough every winter. Thirty years ago I had a fever and it left me with a cough every winter. Thirty years ago I read about Foley's Honey and Tar and bought some and it helped me. I use it yet and it helps me every time. I am a widow 65 years old. There is nothing better for bronchial, grip and similar lingering coughs and colds that hang on. Just fine for children—for croup and whooping cough. Contains no opiates. Bulger's Pharmacy, McCutcheon's Drug Store.

## Hart Thrills 'Em In Newest Role of Ex-Convict

Good-bye, my boy! That's how Harry Hart, the Poppy Girl's husband, An ARTIST's Picture

In "The Poppy Girl's Husband," which is playing at the Ceramic theatre tonight and Wednesday, the star plays the part of Hairpin Harry Dutton, a convict, which is an entirely new role for the artist. After his marriage to Dolly, a beautiful but faithless young woman, Harry is "framed" by Sergeant Mike McCafferty, sent up to prison for 14 years.

Ten years later he is paroled and is met at the prison gates by "Boston Blackie," his pal, who informs him that the "Poppy Girl" had deserted

him for the man who had sent him to prison. Wild with rage, Hairpin Harry returns to his old home in the Barbary coast section of San Francisco to plan his campaign of revenge. The wife, knowing that Harry has been released, is constantly in fear of a visit of vengeance from her former husband. She persuades McCafferty to "frame" Harry a second time in order that he may be gotten out of the way for good. The "pop" consents and arranges with another officer to "plant" something upon the ex-convict that will send him back to prison for life.

# EAST LIVERPOOL REVIEW

THE EAST LIVERPOOL PUBLISHING COMPANY

Entered at East Liverpool, Ohio, as Second Class Matter

The Review guarantees a larger circulation, proven by audit, than any other newspaper in the city or county. In East Liverpool itself The Review has almost twice the circulation of the only other daily paper of the city.

## AN APPEAL TO REASON.

State Fire Marshal T. Alfred Fleming appropriately terms a bulletin he has just issued, telling why he bans dangerous fireworks this year, "Appeal to Reason."

Calling attention to the fact that there is more patriotism in the click of a spade in the garden than there is in the roar of a cannon cracker; more beauty in a flower planted in memory of those who sleep in Flanders fields than in the most splendid outbursts of rocket stars, which gleam for a moment and are gone forever, the state official says Ohio has burned over 160 people to death already this year and crippled twice as many.

The loss in the United States for one or two celebrations with fireworks in one year is \$275,000. This money, carelessly burned, could be used to pay off debts.

Two hundred and fifteen deaths and 5,092 injuries were the toll on the Nation's birthday in the year following the Spanish-American war. This list of dead dropped to 28 in 1918. It should hit the zero mark this year, the state fire marshal says.

In line with a fire prevention campaign, balloons, chasers and all fireworks as will leave a combustible base are under the ban. "Set-pieces" charged to throw a spark a greater distance than five feet, dynamite and cannon crackers and the deadly toy pistol firing a blank cartridge are prohibited.

East Liverpool, through the decision of her officials, will be one of the cities in the state to comply with the fire marshal's suggestion. The great victory in the world war can be celebrated without resorting to dangerous and destructive fireworks.

## NORMAL EMPLOYMENT.

Some of the big industrial centers are reporting a shortage of labor. One of the United States Employment Bureau superintendents says: "We have more jobs than we have applicants. Unemployment at this time is certainly as low as in normal times. We have a particular demand for common and semi-skilled labor. There are jobs awaiting men in almost every line. Formerly we had the men, but no jobs. Conditions are now reversed."

Such conditions probably exist to a much larger extent than most people unfamiliar with the labor market would believe. So much has been said about dull times that the degree of industrial depression has been exaggerated all along in the public mind. Strangely enough, conditions seem to have been improving almost without the public knowing anything about it.

Two things tend especially to lessen unemployment at this time. One is the demand for farm labor, to harvest the big crops. The other is growing emigration of alien workmen. To these must be added the increasing absorption of labor as various industries, little by little, return to about normal production.

## THE AIR SERVICE.

Congress is fortunately adopting a more liberal policy with regard to aviation. The House, voting an appropriation of only \$15,000,000 for the naval air service next year, has raised the amount to \$35,000,000. It was made clear that the navy could not get along on less than \$35,000,000, unless it were to eliminate all progressive, experimental, constructive effort and simply continue its present equipment and stand pat on present achievement.

Now similar steps may be taken with the army air appropriation. The House committee has cut that down to \$15,000,000. The original estimate of \$86,000,000 seems small enough, when compared with those of the other powers. Great Britain is planning to spend \$300,000,000 on aviation next year.

The federal aviation service was long enough a disgrace to the country. It has only lately attained a strength and effectiveness in which Americans can take any pride or satisfaction. The nation, while naturally not disposed to spend money on airplanes at a wartime rate, realizes the value of maintaining and developing this new mode of transportation, for the purposes of war and peace alike, and is willing to pay any reasonable price.

## DEFEATING RENT PROFITEERING.

Portland, Ore., which is one of the cities that has led in building since the armistice, is supporting the "Own-your-own-home" campaign of the United States Department of Labor in a way that has proved most stimulating to the whole state. George L. Baker, mayor of the city, has written commending the campaign as follows:

"Building of homes during the present reconstruction period serves many important purposes. In the first instance it furnishes employment at a time when industry is undergoing its change from a war to a peace basis, the time of all times when there must be no unemployment. Secondly it instills in the minds of the people the importance of home owning, home building, and home upkeep at a time when they are particularly susceptible to suggestions. Further, it encourages home owning and the attendant stability against the irresponsible element which is seeking at this vital period to undermine our government, our peace and our social system. It encourages thrift, economy and interest in the home and home life. And last, but not least, it is the only way at our command of defeating the curse of rent profiteering."

Four hundred scientists have met in California to discuss earthquakes and the best means of protection against them. If they're open to amateur ideas, we modestly suggest putting a few bands of reinforced concrete around the earth to strengthen and steady it. Or if that looks like too much trouble, why not use bamboo for building material, as the Japanese do, so that a little shaking won't do any harm?

The electric fan certainly has the palm leaf beaten for efficiency. That is, if the owner knows enough to use it for blowing the cool air into a room, or the hot air out, instead of merely stirring the same dead air around and around.

Congress has decided to stop saving daylight—after this summer's daylight has been saved. This is the age of thrift.

Some of the Reds are talking about making a big demonstration on the Fourth. Didn't they get enough on May Day?

## NEW YORK LETTER

By O. O. McINTYRE.

New York, June 24. — Booth Tarkington galloped into New York this week from his country home in Maine where he is parked for the summer, bringing with him the new play he has written called "Clarence." The name describes the play which is to have as its star Alfred Lunt.

Aside from bringing the play to Manhattan, Tarkington had another good and valid reason for coming to town at this early date. It was chiefly to dodge a certain village character near his summer place. His name is Jabez and he has an Adam's Apple and everything.

Tarkington was down by the village store the other day and expressed an interest in a new derby Jabez was wearing. Whereupon Jabez told him that he had been clear to Danbury once, by Heck, and had seen them make derbies right out of the raw material.

And before Tarkington could break away he had launched into a description of the plant and the manner of manufacturing. After talking for 15 minutes the novelist escaped.

The next day at the postoffice Jabez slipped up behind him and began: "Yes sir, they just take this raw material and kinda melt it like in some kind of a vat, etc., etc."—for about ten minutes. Again the novelist escaped.

At the depot the next day waiting for some friends, Jabez slid off a truck and was soon at Tarkington's side. He made no salutation or comment, but took up the subject of hats exactly where he had left off the day before. "After they are blocked," he rambled on, "they have a man to test 'em to see if they sit straight, etc., etc." The train pulled in and Tarkington met his friends and fled.

For five days from some unexpected quarter Jabez would pop into the novelist's presence and continue his narrative. Finally as a means of self preservation he rushed to New York with his new play.

All the New York roof gardens are opening this week to get in a week or two before prohibition sets in. The opening of the roof season is something like the opening of the theatrical season for the pleasure loving New Yorkers. All try to be in at first night. The stately roof gardens are those of the Astor, Majestic, Waldorf, McAlpin, Pennsylvania and Ritz. If the 275 per cent beer continues to be manufactured, the roof garden proprietors say they will have no trouble making money as the roof garden drink is generally beer. However, if they cannot sell light wines and beer they will remain open for a time under the soft drink regime to see how it works out.

It was on a quiet street in upper Harlem. The sidewalk was decorated with the usual array of garbage cans. All were covered. Down the block came an old man, neatly dressed, who picked up the lid of each can with an inquiring cane, and after what seemed like an inspection of its contents, either tilted it back or slid it off. A policeman followed him. The police are always suspicious of something like that—while safes are cracked across the street from headquarters. Finally the cop could stand it no longer. He snorted with official dignity: "Whadda you doing that for?" The old gentleman replied: "I suppose this looks queer. I am trying to give the cats in the neighborhood a chance to get breakfast. So many families go away at this time of year and leave the cats to skirmish for themselves. In many of these cans are choice articles of food." There was a smile and a bow and the little old gentleman went his kindly if unsanitary way. And the cop pulled out his regulation book to see if any city ordinance had been violated.

## BUILD POLICE SUB-STATION.

Youngstown, June 24. — Work has begun on the new \$23,000 police sub-station in the Haseltin district. The building will be modern in every respect and will be one story and so constructed that additional stories can be added, if needed.

## WHAT YOU READ LONG TIME AGO

TWENTY-FIVE YEARS AGO TODAY

June 24, 1894.

## FRENCHMAN URGES ENGLAND, FRANCE AND U. S. TO ALLY

Col. Philip Bunau Varilla.

Col. Philip Bunau Varilla, who volunteered in the French army at the age of fifty-five, has told members of the Washington Rotary club that Europe alone cannot resist successfully the Prussian system of conquest. He advocates a permanent alliance of France, England and the United States against German aggression and declares that such an alliance will insure peace. The colonel received a wound at Verdun which caused the loss of his left leg.

## COUNTY DAYS AT CENTENARY

County days, which have been arranged for in connection with the Methodist centenary at Columbus, O., are assuming large importance. Invitations have been sent to every county in the state and the counties are accepting with alacrity. The invitation leaves to each county the choice of a day and the arrangement of a suitable program to do credit itself. The counties will have the hearty cooperation, however, of the centenary officials, who will not fail to show their appreciation of the counties' efforts. Brass bands, autos and other necessary accessories will be furnished freely.

A telegram was received from Dayton stating that July 8 is to be Montgomery county day and adds that a large Dayton delegation, headed by E. C. Harley, a prominent Daytonian, will come to the centenary on that day in a special train. The chamber of commerce in that city, according to the telegram, is back of the movement. There will be aeroplanes too, for what would a Dayton delegation look like without an aeroplane?

Here are some of the counties that have accepted the invitation to celebrate a county day and have already organized for the purpose.

Pickaway county has also chosen July 8 and has organized under the chairmanship of C. D. Clossan, Circleville and will send a large delegation.

Knox county has chosen July 10, the arrangements being in charge of H. M. Lybarger.

The same day has been chosen by two other counties, Fairfield and Delaware. J. W. Doffenbaugh is chairman for the Fairfield delegation and W. A. Morrison of the Delaware delegation.

Payette county, with Joseph Mark as chairman, Crawford county with A. L. Reid as chairman, and Marion county under the leadership of Earl Smart have all chosen July 9 as their county day.

July 11 will be Muskingum county day, the arrangements for the program being in charge of C. S. Hoskinson of Zanesville, O.

## OTHER INDICTMENTS

Among the true bills returned yesterday by the Columbiana county grand jury were the following:

Charles Bernhardt, Salem, stealing auto mobile.

John Atkins, East Liverpool, abandoning pregnant woman.

Robert Maxwell, East Palestine, storing street car and disorderly conduct on street car.

Clara Mary Codespoti and Dominic Codespoti, Salem, larceny and concealing stolen property.

## Cub Is Costly Mascot.

London—With the best intentions in the world, Grand Duke Nicholas gave an English unit a bear cub for a mascot.

It made a lovely pet. But it grew up.

And when all the casualty reports were in, it was found that the full-grown mascot had accounted for 23 pigs, 12 turkeys and a dozen chickens. There was a sunrise execution, and the unit adopted a little boy who had been wounded on the battle field.

For 45 years well-dressed men have been proud to wear

## SCHOOL PUPILS GETS HELMETS

Fifty German helmets are on their way to gladden the hearts of 50 Ohio school pupils. They have just been awarded to Ohio boys and girls who sold the most war savings stamps during May. Hamilton county will get 12, the largest number awarded to any one county.

The helmets were Ohio's share of a number captured by American doughboys when the Hindenburg line was broken. They are made of leather with metal trimmings, including a spear top and fasten with a strap under the chin. The helmets were to have been worn by the Germans in their anticipated triumphal entry into Paris. General Pershing and the allies caused a change in their plans.

The winners by counties are: Ashland county, Louis Baum, Robert Clark, Reider Holm, Quinn McAdoo; Auglaize county, Audrey Schneider, Butler county, Dorothy Urmonst, Freda Stegmiller; Clermont county, John Kennedy, Marie Jennings; Montgomery county, Harry Kahn, Eugene Ryan, Walter Kuhn, Goldie Harris, Helen Nesbel, John Burschem; Seneca county, Helen Bentz, Nicholas Keller; Lucas county, Anna M. Shea, Eldreda

## SOCIETY

**Young People's Society Meeting.**  
The Young People's society of St. Stephen's Episcopal church will meet Thursday evening at 8 o'clock in the parish house in West Fourth street. An important business session will be conducted and all members are requested to be in attendance.

**Licensed to Wed.**  
James W. Jackson and Miss Ellen A. McAfee, both of this city, were granted a marriage license in Lisbon Monday afternoon.

**Joy Club Outing.**  
Members of the Joy club enjoyed an outing at Beaver creek Sunday afternoon and evening. At 6 o'clock a supper was served, picnic fashion, by the girls of the party. Out-of-town guests included Miss Athalia Arndt of Beaver, Walter McElfresh of Fairmont, W. Va.; Alice Dolby and William Rayburn of Wellsville and Obey Gregory of Martinsville, Va.

**Club Meeting Postponed.**  
The regular meeting of the Past Templar club, which was to have been held on Friday evening, July 4, has been postponed until Friday, July 11. Mesdames Anna Carey and Clara Shively will preside as hostesses, and the meeting will be held in the Ben Hur hall in East Sixth street.

**Missionary Society Lawn Fete.**  
A lawn fete and social will be held by the Woman's Missionary society of the Madison Presbyterian church Wednesday evening at the home of Mr. and Mrs. C. F. Bough near West Point. The function was scheduled for last Friday night, but was postponed on account of rain. An informal social evening, featured by music, will be enjoyed. Refreshments will be served.

**Officers Elected.**  
Ceramic Circle No. 446, P. H. C., met Monday evening in the Ben Hur hall in East Sixth street. Officers were elected as follows: Elmer J. Guist, past president; Thurman Blazer, president; Mrs. Sarah Carey, vice president; Mrs. Baxter, guardian; Miss Florence Woolmaker, chaplain; Mrs. Benton Knowles, guide; Mrs. Verma Dinerstein, companion; Mrs. Ida Beckett, watchman; Walter Evans, sentinel.  
Next Monday evening the regular team practice will be held at 8 o'clock in the hall.

**Densmore-Osborne Wedding.**  
A pretty wedding took place Monday evening in the rectory of the St. Aloysius church in West Fifth street, when Miss Hilda Densmore, daughter of Mr. and Mrs. Frank Densmore, of Lincoln highway, became the bride of Clarence Osborne, son of Mr. and Mrs. Watson Osborne, of Jefferson street. The service was read by Rev. Thomas L. Gaffney.

The bride wore a pretty gown of white crepe de chine with matching hat and shoes and carried white roses and lilies of the valley. She was attended by Miss Theresa Powell, who wore blue georgette crepe with white shoes and hat and carried pink roses. James Rieley, cousin of the bride, attended the bride-groom. Both young people are well and favorably known in this city. For the present they will reside with Mr. and Mrs. Frank Densmore on Lincoln highway.

**Star of Bethlehem Lodge Picnic.**  
The Star of Bethlehem lodge will picnic Wednesday afternoon and evening at Thompson park. Members of the Daughters of St. George have been extended an invitation to attend.

**Stork Pays Visit.**  
A baby daughter was born this morning to Mr. and Mrs. Bernard H. Steinfield in the City hospital at Akron. She has been named Barbara.

### An Instantaneous Wrinkle Remover

The average woman is always surprised to learn, after experimenting with all sorts of patent so-called "wrinkle removers," that the most effective remedy in the world is a simple face wash which she can make herself at home in a jiffy. She has only to get an ounce of pure powdered saxolite from her nearest druggist and dissolve it in half a pint of witch hazel. Apply this refreshing solution to the face every day for a while. The result is charming—marvelous. Even after the very first treatment the wrinkles show less plainly and the face has a nice, firm, comfortable feeling that is thoroughly delightful and lends self-confidence in one's appearance. This harmless home remedy is used by thousands of women to obliterate the unwelcome traces of time.

### GINGHAM AND LACE MAKES COOL FROCK

Blue gingham and Venice lace combine to make this cool frock for summer street or house wear. It is fashioned to give the lines of the slim silhouette and is a practical costume because it is easily laundered.

### Mrs. Mayes Hostess.

Mrs. Wilmer Mayes received a number of friends Monday evening at her home in Calcutta road, honoring Mr. and Mrs. R. W. Mayes. A delightful social evening was spent in dancing and music. The Calcutta orchestra pleased with a number of selections and presented the program for dancing. Piano selections were given by Mrs. Theresa Downard and Miss Nellie Moore. At a late hour the hostess served luncheon in three courses. Roses were used in the decorations of the home and luncheon table.

### Beautiful Actresses Say

"A Short Massage with Howard's Butter-milk Cream at Night Before Retiring is All That is Necessary."

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Butter-milk Cream.

To prove this to your complete satisfaction, get a small quantity today at your druggist or any toilet goods counter, with the understanding that they will freely return the purchase money to any dissatisfied user. Be sure to get.

## Values That Go Hand-in-Hand With Economy

There's no need of us telling you that these are extraordinary bargains. Prices tell the story strongly, but then here's one thing the prices do not tell—something in reality which only an inspection can adequately tell. It's the quality of the goods at these low prices. Every piece of merchandise is from our regular stock. We do not buy cheap inferior qualities and offer them at big flaring prices. Every item offered in this two day selling event is of the usual Sloan standard or in other words, dependable.

A typical "woman of today" is Miss Helen Christene Hoerle. She has done many things which young girls of today dream of doing and wish they could do "sometime." Her most recent achievement has been successfully managing a theatre company on Broadway. Now to be a successful manager of a theatre company is by no means an unheard of thing, but it is very unusual for a woman to hold that position. At present Miss Hoerle is the only woman along Broadway who is managing a company. She is not satisfied with merely managing either, for she is also acting as publicity director for the show.

When I asked Miss Hoerle to tell me something of her work she said that she was intensely interested in jobs for women. She has during the past few years even written a book on the subject which has taken up her odd moments (although where so busy a woman found odd moments was beyond me.) Her book is for use in schools and she expressed the hope that it would assist girls in choosing a career.

Miss Hoerle also told me how she started writing short stories six years ago and then drifted into scenario work. She has been working in the scenario departments of many of the well known film concerns for the past three years and from that work she drifted into advance publicity work. It was while doing advance work for a company that she was given the opportunity to manage it.

I think her last statement to me would be a fitting inscription for many of the diplomas which are being handed out this month:

"Any woman or girl can do what I've done. I'm not a protegee or genius, but it simply takes courage to do—and not to quit at anything."

**MEN WON'T LIKE THIS.**

Five hundred women in Tampa, Fla., have formed the Woman's Protective league and say they propose to clean up organized vice by direct action—that they propose to undermine its support.

By the establishment of a sort of moral credit bureau this organization proposes to furnish any woman a confidential report on the "double life" of her husband, if she wants one. The inquirer does not even need to give her own name in making the inquiry; she may designate a postoffice box address or any place where an agent of the league may deposit the report on its investigation.

Organizers of the bureau say that 70 of their number have pledged to do the investigating work in the open, while the remaining will work in secret.

"So many have such old reputations for husbands," said one of the chiefs, "they can't work openly be-

**THIS IS CALLED  
A SPORTS FROCK**

Here is a typical sports frock of the present season which could never be worn if the fair miss really wanted to participate in strenuous exercises. It is built on sport lines, however, even though it is made of satin, and georgette elaborately embroidered.

These husbands won't let them. Therefore they will work secretly. The theory of the league is that if a man has not been walking the straight and narrow path one of the 500 will know about it—or at least can find out.

of Carefulness**

Suppose you had a dollar and insured it for seventy-five cents: Then got careless and lost the dollar—you only recover seventy-five cents.

Same on your property if it burns. You get your insurance, but there is always a big money difference between what you owned and what you get.

The difference is what carefulness pays you. But if your house burns, it is a dead, uninsured loss which your carelessness costs you.

## ARNOLD HEADS STATE POLICE

Lieut. Col. Jackson Arnold of Weston has been appointed superintendent of the newly created state police of West Virginia and will assume his office July 1 when the department of safety becomes operative.

The state police department was provided for in a special act of the legislature in March. It will consist of a headquarters and two other companies, each of the companies to consist of one captain, one lieutenant, one first sergeant, four sergeants, four corporals and not to exceed fifty-five privates.

Supt. Arnold is appointed for a term of four years and it will be his duty to organize the force of police, selecting both the officers and privates of the two companies, after applicants have taken an examination for physical, mental and moral fitness to be prescribed by him.

The superintendent also will appoint a deputy and other officer assistants and the central headquarters will be located in Charleston. Branch headquarters will be located in a number of localities in the state.

Lieut. Col. Arnold has had considerable military experience, having served both in this country and overseas. He was in command of one of the battalions of the first West Virginia National Guard when he entered federal service, but the first regiment was disbanded for replacements soon after its arrival at Camp Shelby for training and he went aboard with another organization.

The public safety department bill, was passed by the legislature only after one of the most spectacular fights ever made over the passage of any measure and great public interest has been manifested in the movements which will put it into operation.

The superintendent will receive an annual salary of \$3,000 a year, the deputy \$2,000, the company captain \$1,800; the lieutenant \$1,600, the first sergeant \$1,200, four sergeants \$1,100 each, four corporals \$1,000 each and the privates \$900 each.

**Philatelic Class Picnic.**  
The annual picnic and outing of the Philatelic Bible class of the First Presbyterian Sunday school of Chester, will be on the afternoon of July 2 in Rock Springs park.

**Rebekahs Meet Tuesday.**  
The Chester lodge of Rebekahs will meet Tuesday evening at 8 o'clock in the lodge rooms. Carl Dehner will lecture on "Sisterhood of the Rebekahs." All members are urged to attend.

**Chicken Thies Active.**  
Police have not apprehended robbers who in the past few nights have raided hen coops in Chester and carried away several hundred dollars worth of chickens. George R. Sawart of Hookstown values chickens stolen from him at about \$200. One hundred were stolen.  
Twenty-five chickens were stolen from Allen McDonald. J. A. Wells' coops were raided and several chickens stolen.

rolled. There will be a six weeks' course of study and another of twelve weeks' duration.

Hancock county is being represented at the school by the Misses Eunice Allison, Frances Newell, Ada Fowler and Jennette Patterson, all of whom were teachers in the Newell school the past term.

**Buy Home in New Cumberland.**  
Sylvester Cheney has purchased the house and lot on Montana avenue, Chester, formerly owned by Thomas Salisbury of New Cumberland.

**University Summer School Opens.**  
The 21st session of the West Virginia university summer school opened Monday at Morgantown with a registration exceeding \$50. It is estimated that before the end of the week more than 1,000 students will be enrolled.

## CONTINUE SEARCH FOR STORE ROBBERS

In their efforts to quickly solve the robbery of Steve Pantelli's general store of several hundred dollars, the police of Weirton have been issued a "blanket" search warrant which permits them to search a number of unnamed places for the stolen merchandise. They have searched several places on the strength of the warrant, but have found nothing.

The cash register in the store was emptied of \$18, while 20,000 cigarettes, 500 pairs of gloves, several boxes of socks, a box of shirts and two cases of oranges were carried away.

**Purchases House and Lot.**  
Frank Hutchinson has purchased the house and lot in Pennsylvania avenue, Chester, formerly owned by Edna E. Laughlin of Beaver, Pa. He has also purchased two vacant lots in Pennsylvania avenue owned by T. S. McLaughlin of Beaver.

**Pastor Dismissed.**  
Rev. J. F. Bennett of Calhoun county has been dismissed as pastor of the North Fork Baptist church for an alleged attack in a sermon on the United States government for entering the war against Germany. He is said to have declared that the United States should have kept its ships on the high seas when Germany issued its warning, and that Germany did not enter the war for conquest.

There were a number of returned soldiers in the congregation and prompt action of older members of the church saved the minister from being mobbed.

## COUNTY SEAT TEAM DEFEATED

The Sherwoods of East Liverpool won their sixth straight victory Monday afternoon at the Sherwood grounds when they battled 11 innings with the New Cumberland club. R. Bailey and Goodwin pitched for the downriver club and P. Densmore and Peggy Garvey for the Sherwoods. Garvey, who relieved Densmore in the sixth, pitched good ball, holding the visitors without a score.

**Witnesses Before Grand Jury.**  
Following closely upon a visit last week of federal agents who were thought to be investigating methods of Hancock county business men in collecting luxury taxes, came the announcement Tuesday that many summonses have been issued by the department of justice for witnesses before the federal grand jury when it convenes at Elkins, July 2. The summonses have been issued for people in practically every county along the river.

nation from property damage, it being estimated that of \$22,000,000,000 blotted out by the war in that way the French lost \$10,000,000,000. Great Britain's loss was estimated at \$4,580,000,000, but most of it was ships, while the devastated "western front" of France reveals why her war bill is so large.

Of the 620 war craft, not including the submarines Germany lost, which the war sent to "Davy Jones' locker," the entente allies and associated powers lost 404 with a total tonnage of 1,364,067, while Germany and her allies were deprived of 216, with a total tonnage of 518,058. In merchant ships the entente lost 15,027,718 gross tons, the enemy but 309,204 gross tons out of a grand total of 15,336,922 gross tons, or 23,005,383 deadweight tons.

serve with the army of occupation in Germany. This was shortly before the rest of the unit embarked for the United States. Miss Notestine and her companions are now in Germany, Miss Bryan says.

Base hospital 31 is located at Contraxville, south of Toul, in the Alsace-Lorraine sector of the American battle front.

"We were very busy," Miss Bryan says, "from the time the American troops went into action at Chateau sector in July, 1918, until the signing of the armistice on November 11. There were many badly wounded men in my ward, among them many who had been wounded so severely that the amputation of both arms and legs was necessary. But all the patients were cheerful, and glad that they had been able to fight under the Stars and Stripes."

There were also a number of Hun prisoners among the patients. They were treated the same as our own wounded soldiers, much better apparently than they expected, and most of them seemed grateful."

**Toledo Fares Increased.**  
Toledo, June 24.—The Toledo Railway and Light company today announced that street car fares in this city will advance tomorrow at noon to six cents. Transfers will be two cents, children under eight years of age one cent and "children in arms free."

## DISCREDIT PARIS REPORT

London, June 24.—The admiralty today discredited a Paris report that the remaining ships of the German fleet, lying in German harbors, have been sunk by their crews.

Reports that German warships at Kiel and Wilhelmshaven and other German naval bases had been scuttled by their crews were circulated yesterday by two American press associations. The German admiralty last night also issued a denial. The rumor was not carried by the International News Service.

## JERSEY CATTLE CLUB MEETING

Secretary of Treasury Glass To Speak at Salem Session.

Scores of prize Jersey cows, every one of them with an enviable record for milk and butter production, will amble leisurely along in the big parade to be held Thursday morning at Salem as a part of the program on the two-day convention of the Ohio Jersey Cattle club.

Each prize cow will be followed by a charming rural maid with a milk pail on her arm, while a "mere man" will assume the responsibility of guiding the cow through the unfamiliar village streets. In addition to the cattle parade will include floats depicting dairy activities, a band and officials of the club.

Thursday afternoon following the parade, Carter Glass, secretary of the U. S. Treasury, will deliver an address on dairy work.

Liberal prizes are offered for the best cattle. The official judges will make the awards Friday. Preceding this boys and girls will be invited to guess which animals will be the winners. Prizes aggregating \$50 will be distributed among the young people who guess wisely. Friday afternoon a sale will be conducted by the Columbiana County Jersey Heifer club.

## PASS HALF WAY MARK

Columbus, June 24.—At the headquarters of the Knights of Columbus today it was announced that \$170,081, 1,364,067, while Germany and her allies were deprived of 216, with a total tonnage of 518,058. In merchant ships the entente lost 15,027,718 gross tons, the enemy but 309,204 gross tons out of a grand total of 15,336,922 gross tons, or 23,005,383 deadweight tons.

## LEGAL NOTICE.

In the matter of the Woodland Heights Land Company to vacate lots and streets in the City of East Liverpool, Ohio.

Notice is hereby given that on the 31st day of April, 1919, a petition was filed in the court of Common Pleas of Columbiana County, Ohio, asking for a vacation of that part of the Woodland Heights Land Company Addition described on the recorded plat as lots Numbers 8035 to 8049 inclusive and lots Numbers 8068 to 8118 inclusive and that part of Didge street and Fir Alley and a short unnamed alley which lie between said lots. The said plat of the Woodland Heights Land Company, is recorded in Plat Book 5, page 88 in the records of Plats of Columbiana County, Ohio.

Said vacation is asked for the reason that said lots and parts of streets are located upon a precipitous, rugged, rocky wooded hillside and are not suitable for building purposes; that said part of said streets are not open or practical for travel and never were open for travel and are of no use to the public and it will conduce to the interest of said City to have all of said parts of said property vacated; that said petition will be for hearing on or after the 15th day of July, 1919.

## LEGAL NOTICE.

Stanton Ferguson and Wilbert Ferguson, who are each minors, residing with their mother, Grace Tremain, at Pt. Huron, in the State of Michigan, and Grace Tremain, who resides at the same place, will take notice that on the 26th day of May, 1919, Anne E. Tolbert and John E. Tolbert filed their petition in the Common Pleas Court of Columbiana County, Ohio, against the above named parties and others, stating in said petition that there was a contract between said plaintiffs and S. M. Ferguson, deceased, whereby S. M. Ferguson agreed to convey to said plaintiffs the west rectangular one-half of Lot Number Eleven Hundred Fifty-Six (1156) as numbered and distinguished upon the recorded plat of Junesville Addition to the City of East Liverpool, Columbiana County, Ohio. That said S. M. Ferguson died without having made said conveyance. The said Stanton Ferguson and Wilbert Ferguson are grandsons of said S. M. Ferguson, deceased, and the said defendant, Grace Tremain, is the widow of S. M. Ferguson, Jr., a son of said deceased.

The prayer of the petition is that defendants in said case be ordered to execute a conveyance to the plaintiffs for said real estate; said defendants being the heir-at-law of said S. M. Ferguson, deceased. Said parties are required to answer on or before the 26th day of July, 1919.

## BAKER AND COX AWAIT VERDICT AS TO WILSON

Both Ohioans Ready to Step To Front as Candidates For Presidency.

## COX HAS INSIDE TRACK

Persistent Rumors of Third Term Make Gumshoe Work of Prospects Difficult.

Washington, June 24.—Secretary of War Newton D. Baker, who aspires to the presidency and whose friends have been setting out to run him for that high office on the strength of his war record, is revealing a political capacity quite equal to his military capacity.

Arriving on the scarred political battlefields of Ohio late, Mr. Baker finds that Governor James M. Cox has passed that way before him.

It is said, among the wise men of politics, that Governor Cox, not relying entirely on moral force to gather support, has been busy seeing his Democratic brethren in recent months and getting promises of votes. The result is that the governor has the inside track in the matter of prospect for delegates. If the primaries were to be held there tomorrow, Governor Cox, it is said, would win the delegation. Of course, such a thing would put Mr. Baker out of the running.

Senator Pomerene of Ohio is another aspirant for the Democratic nomination. The senator, however, is not expected to jump into the race with Governor Cox and Mr. Baker both active candidates.

Of course, neither of the Ohio aspirants will attempt to run if President Wilson seeks another nomination, as his intimates are now broadly hinting that he will. They are in the "painful situation of not knowing what the president is going to do but the persistent stories coming out in administration newspapers that the president may find it necessary to run in order to force the United States to take up with the covenant for a league of nations, has made things very uncomfortable for them.

One solution of it may be that the president will run again and Governor Cox or Mr. Baker be put on the ticket as candidate for vice president. This, it is true, would necessitate the turning down of Vice President Marshall of Indiana, for the vice presidency. However, it is well understood in Washington that Mr. Marshall has never had the confidence or liking of the white house because of the fact he has shown a disposition to have independent views of things and voice these views without getting anybody's O. K. for them.

## Asked to Support Bill.

Columbus, June 24.—Senators Harding and Pomerene were asked today by the board of administration to support that portion of the immigration bill which provides a fund for the deporting of alien state wards. There are at least 150 of these aliens in the state prisons and hospitals who could be deported under the act.

## DE VALERA

(Continued from page 1.)

"After the people have recognized our government," he said, "then it will be time enough to ask your congress and government for recognition. If a hearing has been refused our representatives in Paris, I would like to go before the American congress, thank them for the interest taken in our cause and present our claims for recognition."

Plans have been completed to finance the republic, he declared. The De Valera government already is authorized to issue bonds to be sold in America, Canada, Australia and Ireland.

President De Valera stated he would tour the United States and place his cause before the people of every city.

## TO HONOR WAR WORKER

An informal reception will be held in the Salvation Army citadel this evening in honor of Miss Grace Straus, Salvation Army envoy with nearly a year's service at the front in France to her credit. Before joining the overseas Salvation army force, Miss Straus served as leader in Salvation Army Sunday school work in East Liverpool. She arrived in New York several days ago aboard an army transport and she is expected to reach East Liverpool this evening.

## Condition Serious.

Samuel Thomas of Pennsylvania avenue, East Liverpool, who was badly crushed last evening while at work at the plant of the Pittsburgh Crucible Steel company at Midland, is in a serious condition at the East Liverpool City hospital, according to a statement by his physician this afternoon.

## WARNING IS GIVEN

**REPORTS FROM  
STOCK MARKETS**

New York, June 24.—The general bearish talk that prevailed in the Wall street district after yesterday's close was reflected in renewed pressure against the stock market at the opening today when nearly all the important issues joined in the downward movement.

The heaviest loss sustained in the early dealings was in general motors which opened down seven points to 233 with a quick rally to 236½. Steel common declined over one point to 106 1-4 and Baldwin locomotive yielded 1 3-8 to 102 7-8. Corn Products yielded 1 3-8 to 75.

Sinclair Oil declined 1 5-8 to 60½. Studebaker three points to 102 3-4; American International 2 3-8 to 106 1-8 and both Marine common and preferred stocks one point.

The railroad issues were in demand during the forenoon, advancing from 1 to 3 points. Atchafalaya rose over two points to 101 1-4; Southern Pacific 1 3-4 to 107½ and Reading nearly two points to 89.

Steel common rallied to 107 and Baldwin moved up two points to 104½. U. S. Rubber advanced nearly two points to 128. Sinclair, after selling at 60½ rose to 62½.

**Recognition Among Bees.**  
Naturalists for a long time were at a loss to understand how it was that insects were enabled to so quickly recognize an intruder among their family or settlement. It has been determined that in most cases they recognize each other by smell. Among the bees each distinctive class of workers—the guard, the fanner, the pollen carrier, the waxmaker, the architect, etc.—has its own distinctive odor. And besides each bee has its own separate hive odor, which it its passport into its own particular home.

**Fast Travel in Air.**  
By merely modifying wing curvature, airplanes of today could be made to fly at a speed of 250 miles an hour, according to a British captain who is considered an aeronautical authority. The obstacle that this would present, however, would be a minimum landing speed of about 150 miles an hour. Greater speed in the air is much to be desired, but no pilot is particularly anxious to bring his machine to earth at a rate such as that indicated.

## IT'S ALL GONE NOW.

Samuel L. Kramer, Box 95, Sellersville, Pa., writes: "I had kidney trouble for two years and had a terrible backache. That is all gone now after using Foley Kidney Pills and feel well again." When the kidneys are overworked, weak or diseased, the waste matter remains in the system and causes pains in side or back, rheumatism, lumbago, stiff joints, sore muscles, backache. Foley Kidney Pills get results quickly and are tonic in their healing and soothing effect. Good for bladder trouble, too. Bulker's Pharmacy, McCutcheon's Drug Store.

SAGE TEA KEEPS  
YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however, handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## Jamison Returns from France.

Private Bud Jamison of Steubenville, former East Liverpool boy, who was gassed during the Argonne forest battle, has arrived in the United States and is now on his way to Fort Ontario, Oswego, N. Y., where he will enter an army hospital, according to word received here. He served 13 months overseas. He spent eight months in army hospitals in France taking treatment for wounds. He was formerly employed at the C. T. McCutcheon pharmacy, Cheater.

Forty out of approximately 110 teachers in the schools of Crawford county which are under county supervision, have resigned and will not return to their posts next fall, according to F. G. Bitkofer, county school superintendent. Marriage has claimed some, while the entry into other lines of work is responsible for the resignations of the majority.

## Truck Train to Stop Here.

A train of 45 government trucks will pass through East Liverpool between July 7 and July 12, traveling over the Lincoln highway en route from New York to San Francisco, according to a letter from H. C. Osterman of Detroit, vice president and field secretary of the Lincoln Highway association.

## TIMELY WARNING.

Don't wait until the last minute but act as soon as the first indications of a bilious attack appear, and you can usually ward it off. You have timely warning as your appetite fails some hours before the attack appears and you keep on eating because it is time. Skip one meal and take a dose of Chamberlain's Tablets and the attack can as a rule be prevented and all the distressing symptoms avoided. Try it.

## TOO MANY BATHS CAUSE

## BOY TO BE RUNAWAY

Wichita, Kan.—Too many baths drove Richard Davis, the four-year-old son of Mr. and Mrs. W. M. Davis, from home. He went to the union station, boarded a Santa Fe train for Oklahoma City, Okla. At Ponca City, Okla., the boy was found by the conductor to be alone. He could not tell who his parents were or give their address. He was taken to Oklahoma City and later to his parents. "I dess slipped away 'cause I didn't want no bath," lisped the little tot.

## Library Board Organized.

The trustees of the Carnegie library have reorganized for the year by electing George Wilhelm president;

Hugh Thorn, vice president, and J. W. Irwin, secretary. Committees appointed follow: Books, Rev. D. W. McLeod, J. W. Irwin and E. L. Carson; building, Hugh Thorn, J. W. Irwin and D. W. McLeod; repairs, E. L. Carson, Rev. W. W. MacBwan and Hugh Thorn. Miss Mary Hall is the librarian and Miss Mary A. Miller, assistant librarian.

## Cured of Indigestion and Constipation.

"I first took Chamberlain's Tablets about six years ago. At that time I was greatly troubled with my stomach and suffered from indigestion and constipation. Chamberlain's Tablets were the first medicine that helped me in the least. They not only afforded me quick relief, but by continuing their use for a short time I was cured of indigestion and my bowels were restored to regular action," writes Mrs. G. W. Jackson, Litchfield, Ill.

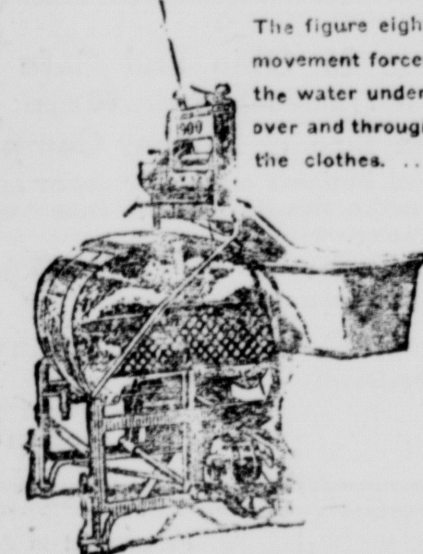

## To Improve Roads.

Dayton, June 24.—Old Trails highway and the Dayton and Easton pike, as well as some connecting pieces of road between Dayton and Springfield, are to be improved during the summer months, according to announcement of the county commissioners. There are other main highways in Montgomery county that are to be included in the program of road construction.

## Want Fight Stopped.

St. Clairsville, June 23.—Ministers of Belmont county have appealed to Governor Cox to stop the Willard-Dempsey "prize fight" scheduled for Toledo July 4. The ministers call the attention of the Governor to the fact that Ohio has been "leading in moral reforms," and deplore the fact that a "prize fight should be allowed in Ohio when other states have refused to allow them to be staged."

CAN DEMPSEY  
TAKE PUNCHES?

Big Bill Tate Knows He Can and Also is Aware of the Fact That Jack Packs a Wicked Left Jab.

By FRANK G. MENKE.

Toledo, June 24.—Can Jack Dempsey take a fearful wallop—and then go on for more?

Can he punch with all the dynamic power credited to him?

Has he been traveling "under wraps" since his advent in Toledo?

Well, hearken to this tale:

All through the Dempsey training camp sessions those who were skeptical as to Jack's ability to whale Jess Willard into a state of coma became just a little more so. It was all because the "Utah member" didn't seem to muss up his sparring partners to any great extent. And, furthermore, Jack didn't demonstrate an awful lot of success in battering his way through the long, snaky guard of one Bill Tate.

Bill is the dark warrior who stands close to six feet five, beams about 230 and is called "the black Jess Willard." Inasmuch as Jack, despite seemingly frantic efforts, didn't spill Bill over and anon and never even caused Bill to do any noticeable wobbling, it was figured by some that Dempsey was an overrated better of human beings—and that he wouldn't even hurt Willard.

But all has changed. Sunday afternoon Jack Kearns connected with the idea of testing out Jack's jaw when forced into conclusions with a slashing uppercut. So, without tipping Dempsey, he told Tate to try to drop Dempsey with an uppercut—which is Willard's main stock in trade.

"Hit him with all you've got," ordered Kearns.

In the second round of their session Sunday, the totally unprepared Dempsey was frisking around with Tate when—zowie! the negro started an up-bercut around his knees and drove it with pile-driver force against the rim of Dempsey's jaw.

What happened? Oh, Dempsey wiggled a bit, then steadied himself and, as he realized that Tate had tricked him, blind fury blazed in his eyes. He fairly leaped at Tate before he could deal out a "reward" to the negro, Jimmy DeForest called "time" and

the afternoon's show was over.

Dempsey had taken a punch—perhaps as wicked a wallop as Jess Willard can liberate—and not only had kept his feet, but had gone back for more.

The youngster, browsing around to find why Tate had slipped him that unlooked for "haymaker," discovered the truth. And then he decided upon a little revenge. It came Monday afternoon and Bill Tate, the innocent victim, still suffers horribly with "hang over" effects.

Dempsey worked easily—as usual—with Tate in the first round of their two-round exhibition Monday afternoon. And he started off the second rather unceremoniously, too. But before the half way mark had been reached, a great change came over Dempsey. The kid was "under wraps" no more. He remembered that wallop Tate had handed him—and he was out to square things.

While the crowd gasped, Dempsey hurried himself at the giant as he never had done before.

Tate, realizing that tragedy was headed his way, tried with all his skill and power to fight off Dempsey. He pushed out the long left that always has held Dempsey away—but Dempsey swept under it and was on Tate. Tate tried to clinch but Dempsey shook him off. He faked a swing for the stomach. Tate dropped his guard and—like a flash of lightning, Dempsey let loose an overhead left.

Bill Tate, the giant, staggered—and went down.

The negro got to his feet, announced that he was quite all right and although he looked longingly at the timekeeper, he signalled "some ahead" to Dempsey.

A tiger-like rush, a left feint for the body, a left that flashed out with the speed of an electric spark—and Bill Tate was a knockout victim. Not a mere knockdown this time, but a real sure enough knockout that caused the Jamaica Kid, Dempsey and others to hustle over to the prostrate Tate, lift him up and carry him to his corner.

Yes, Dempsey can hit—even if the shrewd Jack Kearns, who is looking for juicier betting odds than 10 to 1 against his man, tells Jack he mustn't get rough with his dusky playmates. Meanwhile, the Dempsey stock is soaring and those who displayed a certain willingness to wager that Dempsey won't drop Willard are getting a bit fewer in number.

JESS HANDLES  
SELF BETTER

Toledo, June 24.—I talked to Jess Willard several years ago when he came into Ohio before he was world's champion. When I shook hands with him at his training camp here the thought struck me that the big fellow—freed of his business cares for a few weeks while he trains for his coming battle—hasn't changed much.

He's more serious, of course. Although I can't state from personal experience my belief is that anyone with about \$500,000 in his own name would be more serious than the same gent with nothing but hopes of a coming battle to keep him from wondering if the eating is to continue.

But he has that same drawl, the same easy-going way, the same big laugh, and the same even temper and disposition he had then.

The greatest difference I noticed was that he has learned to handle his huge size to better advantage—more gracefully, if a 250 pound bird can acquire grace.

The first shot out of the box I asked, "Where's this large stomach I've heard you are trying to lose?"

Willard opened his coat to show a waist line that the average wealthy business man would give a fortune to get instead of his own bay window.

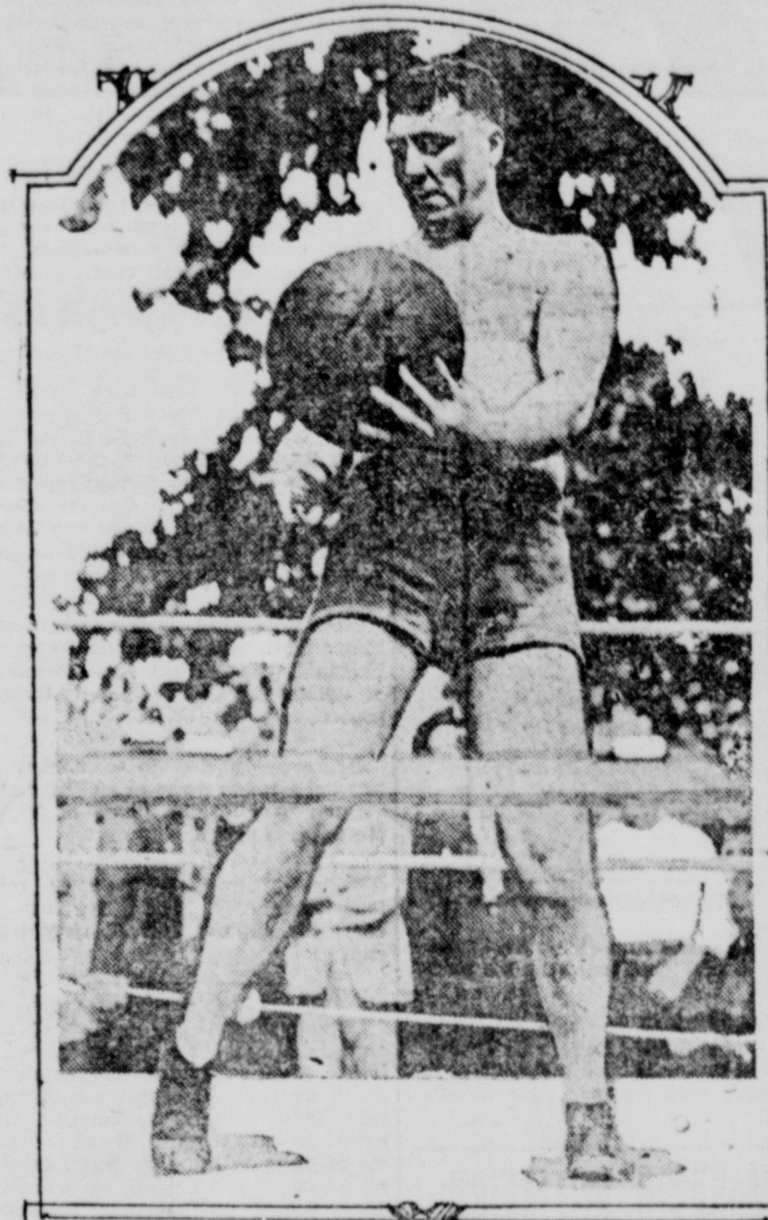

"I wondered who started that fat stomach yarn," he countered. "Probably the same wild-eyed crowd that told about my drinking," he added.

"You know I am not a teetotaler, never have been. I take a glass of beer or wine and I have taken a highball. Usually when I happen to take some beer or something else with one of my personal friends there is some one in the place who afterward announces that he saw me drinking and then the number of drinks grows with every retelling."

Jess is confining his business interests mostly to oil at present. He has no desire to re-enter the circus game. When you ask the big fellow about the circus he says, "I sold it last spring," and heaves a sigh of relief. Riding bronchos, riding wild ones and shooting glass balls from the back of a plunging mustang is much easier than boxing a troupe of men and horses doing the same stunt, according to Willard.

It is generally supposed that Rickard and Willard are interested together in oil ventures and both are reaping a harvest.

WILLARD HASN'T CHANGED MUCH SINCE HE STARTED OUT TO WIN HEAVY TITLE

Jess Willard "taking" the medicine ball full force against his stomach as one of his training stunts at his Toledo camp.

Jess Willard, heavyweight champion at thirty-four, is little different than the Jess Willard of five or six years ago who aspired to cop the title. He has become more serious—handling his wealth—and conducts his huge frame more gracefully, but these are about the only changes. According to present indications he will enter the ring against Dempsey at about the same weight he boasted when he was fighting for the crown.

Willard is contented with the world in general, which leads us to believe that he wouldn't re-enter the ring if he thought that he would be carried out instead of cheered out. He plunks himself at one end of a big davenport

in the hotel or a big chair at camp and takes life easy, like a big business man on an outing rather than a fighter preparing to risk his title. But there is no reason to believe that he isn't giving the coming battle serious attention.

FARMER "NEEDED" LIQUOR, BUT RAN INTO HOLDUP  
Atlanta, Ga.—R. C. Morris, a farmer living near Macon, dropped off in Atlanta on his way home from Chattanooga with a real thirst for corn liquor. He inquired of a bright looking negro where the exuberant liquid could be procured, and the negro was most obliging. With two negroes, Morris went to a vacant house in El-Litt street, where the dusky pilots, with a razor and a stick of wood, induced Morris to reluctantly part with a diamond ring and a watch he wore, together with \$270 in cash.

FIRST MEET OF  
GRAND CIRCUIT

Eight Harness Followers Will Gather at Cleveland Week Of July 7—Many Noted Entries In.

Followers of light harness racing will assemble at Cleveland the week of July 7 for the inaugural meeting of the Grand Circuit in 1919. Since the curtain fell on the 1918 series at Atlanta the trainers have been busy sampling horses in the hope of finding a few that would make a favorable showing this year. During the winter months a number of the clever two-lap track stars were selected for a trip over the larger ovals, while all of the horses which were raced last season and found up to the standard have been carefully prepared for another outing in the early closing events.

Colt racing is an index of progress in speed, but the racing public expects the battles royal from the aged horses. They are the tall timber of the turf and represent the finished product which has stood the acid test of the race track.

The nominations to the trotting events at the different points between Cleveland and Atlanta show that Murphy has a long list, the ex-halibirds being led by Penesta, Ruby Aubrey, Joe L. Mariondale, and the Azoff colt Constantine the Great, which, after winning a race at South Bend, Ind., in 2:20 1-4, was shipped to Lexington, where he trotted in 2:08 1-4. The Stout Brothers' pair, Lotto Watts and Hanks Stout, have been transferred to his stable, as well as Wilkes Brewer, while the balance of the material, which includes Selah Baird, Petrex, Peter Chenault, Ante Guy, and Royal Mac, are graduates of his own training school, in which Peter Vaughn enjoyed a let-up last season.

There are a number of new faces looking over the stall doors in the Cox stable, the leaders being Jess Y., with which Harry Brusie won a heat in the Charter Oak Purse in 1917, the splendid matinee trotter Mignola, Saldine, now owned by Robert Moreland, the saddle horse expert, and McGregor the Great, which Sanford Small purchased last fall after he trotted in 2:08 1-4. As his name implies, he is by Peter the Great out of Ruth McGregor, 2:07 1-2. They are not, however, the only pebbles on the beach at Dover, as Cox is going to make another trip with Bussy's Lassie, Jeanette Speed, J. W. Legal W., and Northrup, while Brother David may be taken along to keep La Princeton from getting lonesome.

Reports from Indianapolis show that McDonald is beginning to think that, after waiting two years, Zomiret will make good. Should he fail, and they sometimes do, he still has Harvest Tide, Roan Boy, Duty, Bound, Axson M., Early Dreams and Zomiret to keep the stable represented on the score cards. The entry lists also show that a number of trotters will drop into the last lap of the Grand Circuit, the list including McCarr, with Olive Fant, and Tray nor with Sammy R. H. S. Crossman will also make the southern trip with Leonard C. Mary Magowan, and Frisco Mack.

## TAGGING THE BASES

Bob Shawkey won his eighth straight game when he defeated the Athletics.

The Yanks Bombarded the Mack-men with a furious cannonade. Peck-inpaugh made two home runs, while Lewis, Baker and Hannah poled out one apiece.

Catcher Gharrrity of the Senators practically sunk the good old Red Sox without warning in Beantown. He made two homers, two doubles and a single and scored three runs. Washington won.

The Phillies hit Dick Rudolph's twisters for 12 safeties, but failed to defeat him.

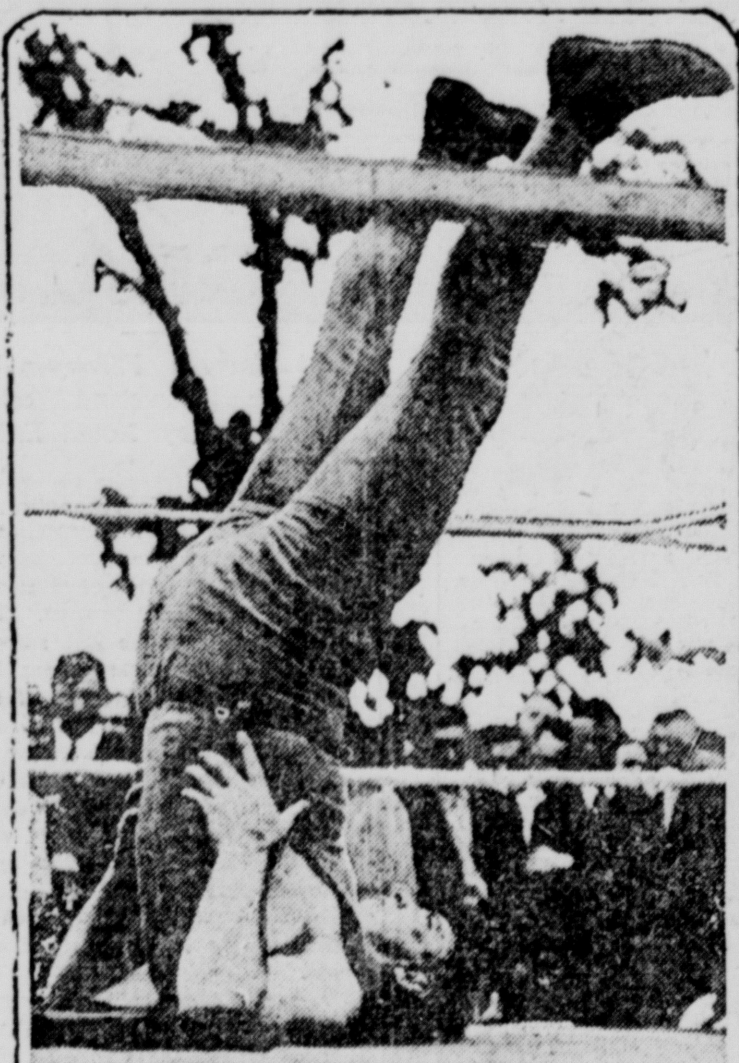

Dutch Leonard pitched baseball in his old-time form against the Browns, giving Detroit a victory.

After holding Cleveland to one scratch hit in eight innings, Eddie Cicotte weakened and the Fohlmen put the game in the ice box.

Casey Stengel came to bat in the sixth inning at St. Louis and seeing Terry on the bases proceeded to hammer him home with a circuit swat. Stengel's homer won for the Pirates.

The weatherman won a double header from the Cubs and Reds.

## JESS WILLARD DIRECTS OWN TRAINING; SAYS HE HAS BEST AIDES HE CAN GET

Jess Willard in one of his training stunts. He raises himself on his shoulders until he is almost standing on his head. This toughens his back and stomach muscles.

Many boxing fans have criticized Jess Willard for not having a competent trainer to assist him in prepping him for his bout with Dempsey. Willard takes the stand that he knows how he must train for his bout because he knows how he trained for his battle with Johnson. He doesn't want to experiment with trainers.

## FAMOUS N. Y. PLEASURE PALACE IN "MARY REGAN"

The Alcazar cabaret in which some of the principal scenes of "Mary Regan," the First National feature, are laid, is typical of any one of half a dozen of New York's largest "loster palaces," situated along the famous "white light" thoroughfare, Broadway.

In this screen version of LoRoy Scott's five edition novel, with Anita Stewart as its star, and which will be shown at the Ceramic the last three days of this week, may be seen "close-ups" of the celebrated dancing chorus, of the merry groups of diners, and of various characters which are fixtures of the night life that fascinates.

## Good Liniment for Lameness.

"I have found Chamberlain's Liniment a splendid remedy for lameness, soreness of the muscles and rheumatic pains," writes Mrs. J. W. Wallace, Macon, Mo. Mrs. Wallace says further that "it is the best liniment we have ever had in the house."

## BUCKEYE STATE BRIEFS

Bellefontaine—This city has an organization known as the Workmen's Council, composed of all those who toil in the shops and manufacturing industries of the city. There are no Bolsheviki among the workers of Bellefontaine. They go "hand in glove" with every other organization in the city and get behind every effort to better conditions. The program outlined for the next few months by the council includes a good brass band for Bellefontaine, the securing of a big circus for the "kiddies," reduction of the city debt, prosecution of food profiteers. Fourth of July celebration on a large scale, a statement of platforms by candidates for city office, assembly men to explain state issues before the fall election and an American flag placed on the highest point in Ohio, which is in Logan county.

Dayton — Because both parties to the alimony action of Margaret A. Baker against Joseph L. Baker have been dead several years, the executrix of the estate of the former has asked the probate court to dismiss the action in which Mrs. Baker was awarded \$500 and which has been in court several years.

New Lexington — Wind which has blown down much wheat in Perry and Fairfield counties has done thousands of dollars worth of damage, farmers report.

Bellaire—Charles Gates, contractor, has been made director of the public service to take the place of W. J. McClain, resigned.

Tiffin—After walking 2,000 miles from Oklahoma, Jacob Emmick, 81 years of age, has just reached this city.

## Wheat Crop Ahead of Time.

Columbus, June 23. — Ohio's wheat crop is about three weeks ahead of time. This judgment was expressed today by State Secretary of Agriculture Shaw. Although, usually, Ohio wheat is not cut until about the middle of July, William Stewart, farmer, near here, began cutting his wheat today. Wheat prospects in this state excel those of all other states, according to federal estimates.

## BULGER'S PHARMACY FOR Medicines

## 7 A DAY FOR DAYS 7

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive.

Carnahan's Pharmacy, F. W. Herche and all other druggists in this city and vicinity have a supply on hand—sell many packages.

## FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant.

If you want the cleanest white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

## WHY WOMAN IS REPUBLICAN

Champion of the 12,000,000 women workers of the United States, and idolized by them all, Mrs. Raymond Robins' words are worth listening to, always. Aid it was to find why she has aligned herself so actively with the Republican party that the question was put to her: "Why are you a Republican?"

"The largest number of progressive minded men and women are in the Republican party," answered Mrs. Robins, instantly. "They stand for justice, for forward-looking principles, for high ideals. The southern states (the stronghold of the Democratic party), represents the backward group of our country in those issues in which I am especially interested—the enfranchisement of women, the protection of childhood in our nation, the standardizing of industry for the best development of men and women workers, and public school education. Where there is Republicanism there are more liberal laws, better education, higher ideals. That is why I am Republican."

Call to Pastorate. A call to the pastorate of the Church of Christ at Corsicana, Texas, has been accepted by Rev. John Mullen, who has resigned the pastorate of the First church of East Liverpool, effective July 1.

## CHILD IS KILLED

Columbus, June 23.—Breaking away from his nurse and pushing a screen out of the window in a room on the second floor of the Y. W. C. A. building, Kensuke Ozaki, 2½-year-old son of Rev. G. Ozaki, Japanese Methodist minister of Oakland, Cal., fell to the ground and died a few hours later in a hospital of a broken skull. The child and a sister had accompanied the father to this city to attend the Methodist centenary. Rev. Ozaki left with the body for Oakland at 9 o'clock today.

## NOMINATIONS TO SENATE

Washington, June 24.—The following nominations were sent to the senate today:

To be under secretary of state, Frank L. Polk of New York.

To be ambassador extraordinary and plenipotentiary to Peru, William E. Gonzales of South Carolina.

To be envoys extraordinary and ministers plenipotentiary: Bease W. Long of New Mexico, to Cuba, and Benton McMillan of Tennessee, to Guatemala.

## There's No Tax on Your Ability to Enjoy Our Soda

It takes no stretch of imagination to appreciate the wonderful deliciousness of our soda. A trial convinces any palate that it was never better pleased. Just because you are asked to pay a tax on soda is the very reason why we have done the best to improve our soda quality. If we cannot pay the tax ourselves we can at least give you better value for your money. Plain sodas, or ice cream sodas, all ice cream combinations are served. Each a high type of extreme purity and deliciousness, each served in an appealing way.

### Splendid Way To Reduce Your Weight

There is perhaps no one thing that so plainly shows the passing of our youth as the horrible tendency to put on too much weight after we have reached the age of 25 or 30 years. However young our faces may appear, the sagging, flabby figure and forty-inch waist "gives us away."

The cause of this over stoutness is that our stomach convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the excess fatty tissue. Fat people will be pleased to learn of a simple home method that is wonderfully efficient in reducing weight, quickly and easily without a starving diet, violent massage or strenuous exercise. Go to any drug store and get a box of Phenolia; take five grains after each meal and at bed time. This treatment will often give quick relief from overburdening fat. Phenolia taken at meal time assists the stomach in giving you the benefit of the food you eat; at the same time dissolves the fatty tissue from any part of the body where there is excessive fat. By this method many have reduced their weight a pound a day and there is no flabbiness left. Charles T. Larkins can supply you with the genuine Phenolia at a small cost.

Phenolia is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts that the blood on the mucous surfaces of the system. How "TIZ" GLADDENS TIRED, ACHING FEET

No more sore, puffed-up, tender, aching feet — no corns or callouses.

"Happy! Happy! Use 'TIZ'!"

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25-cent box of "Tiz" now from any druggist or department store. End foot torture forever — wear smaller shoes, keep your feet fresh, sweet, and happy. Just think! a whole year's foot comfort for only 25-cents.

How RHEUMATISM BEGINS

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some sterling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haemol Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health.

All others are imitations. Ask for GOLD MEDAL and be sure the name GOLD MEDAL is on the box. Three sizes, at all good druggists.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

Magie: Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

Each boy who is going camping has been asked to furnish the following equipment for himself:

One or two blankets, one tin or enamel dish, one knife, one fork, one spoon, one drinking cup, one cake of soap, one towel, one tooth brush, one extra pair of stockings and one extra suit of underwear.

Twenty boys have obtained their parents' permission to go on the camping trip to Mineral Springs, back of Chester, W. Va.

# BASEBALL POOL SELLERS FIND BUSINESS POOR

Baseball pools being run in East End despite efforts of the police to nab offenders, fell into disrepute among ball fans and gamblers Monday night when patrons decided proprietors of the pools were having too much luck.

The gamblers accuse the pool sellers of "fixing" the cards on which the pools are run, and as a result Tuesday it was almost impossible to sell "chances".

The cards have been run with 120 chances, each chance being based on a combination of teams playing in the big leagues. These chances were sold at ten cents each, the pool seller giving the patrons to understand he retained four dollars of the proceeds as his commission and gave eight dollars to the winner.

Instead, patrons found Monday night that the sellers were retaining forty chances, withdrawing the cards and closing the pools when eighty chances had been sold.

# IS YOUNGEST CHIEF OF REVENUE AGENTS

Harry W. Mayer is the youngest chief of revenue agents who ever held the job. He is but twenty-nine years old. His experience in hunting criminals began in Chicago in 1914. As chief of revenue agents he will have supervision of the work of 2,500 men and will have charge of the administration of liquor and narcotic laws and of the laws relating to tax evasions.

was struck by an electric crane. He was taken to the East Liverpool City hospital and will recover from the injuries.

Primary Classes' Outing.

Children of primary classes Nos. 1 and 2 of the Sunday school of the Boice M. E. church in East End will enjoy their annual outing Wednesday afternoon between 2 and 5 o'clock at the home of Mrs. George W. Cox on Michigan avenue. Mrs. Cox and Miss Margaret Campbell, teachers in the primary department, and Miss Clara Cox and Mrs. George Affolder, teacher of the classes, will have charge of the outing.

# Reliable Method of Hair Cure

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of canthrox (which you can get at any druggist's), in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft, and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After canthrox shampoo, arranging the hair is a

# REUTER TO FACE TRIAL

London, June 24.—Admiral von Reuter, who commanded the German fleet scuttled and sunk off Scapa Flow, will be tried by the same international tribunal that tries the Kaiser and war criminals, and will be

liable to receive the death sentence, the Daily Express declared today.

A British court-martial will not sit in judgment on von Reuter, because he violated the terms of the armistice. His case, it is held here, is exactly the same as that of a German soldier who fired on allied troops after the armistice went into effect.

# BOOST FARES IN PITTSBURGH

Pittsburgh, June 24.—Car fares will be raised in Pittsburgh about August 1, in a schedule which eliminates the five-cent fare altogether, and puts in to effect a straight 7 1/2 cent fare when paid by ticket, and a 10-cent fare if paid in cash.

Official announcement to this effect was made yesterday afternoon by the street railways company receivers, following a consultation held with Mayor Babcock and the members of city council.

The increase is made, the receivers state, "to provide the present operating expenses, maintain the property in efficient and safe operating condition, and provide some return upon the money actually invested in the physical property of the company."

The statement specifically sets forth that the increase is not based on any contemplated increase of wages.

In announcing these changes, the receivers admit that the attempt at raising fares was a failure, that it was a departure from the traditional principle of traction operation in Pittsburgh, and worked hardships upon some. The increase itself they proffer as the

lesser of two evils. Unless more revenue is procured, the announcement declares, the dissolution of the railways system is inevitable, and any dissolution would be followed by much higher fares than now contemplated.

tablished the identity of the woman whose body, burned beyond recognition, was found late yesterday in a burned brush pile on a farm, four miles south of here. They believe she was the wife of a Greek fruit dealer. Police think the woman was beaten to death and then taken to the brush pile which was set on fire in an effort to hide the crime. A foreigner is under arrest pending further investigation.

# WOMAN IS SLAIN

Columbus, June 24.—Peering beneath a blind to his mother's room, after he had found her door locked, Edward Robinson saw his mother lying on a cot. He became suspicious and called the police who battered down the door and found that her skull had been crushed by an axe, which was found near her body. A trunk in the room had been searched. Police are looking for her husband, Lloyd Butler, who the son said, had threatened his mother Sunday because she would not give him a portion of \$137 she had hidden between mattresses.
